SUPERLIGHT!

PORTABLE RECHARGEABLE
FLUORESCENT LAMP

- Easy to store under a bed or in a closet.
- Offers added safety and gives you peace of mind.
- Large, brilliant fluorescent light offers 2 light options that meet any needs instantly.
- Built in rechargeable battery.
- Requires no wiring or dedicated electrical hookups.
- Pull out handle — easy to grab/go.
- Flip out easel stand allows the light to sit upright in a vertical, freestanding position.
- Installs anywhere — hanging kit makes it incredibly easy to hang your light exactly where you need it.
- Standard electrical plug attached with convenient storage compartment.
- Plug into any standard wall socket to recharge. No adaptor to lose.
- Built in over charge/over discharge protection for efficient prolonged life.

Lightweight plastic construction

Manufacturer's 30-day limited warranty

Initial charge time 20 hours

The SuperLight! Portable Rechargeable Fluorescent Lamp gives you instant light at your fingertips! Its compact size is perfect for under cabinets, in closets, in workshops, camping, working under cars and much more. It even continues to work when you loose power, making it an excellent emergency back up light — brighter and longer lasting than other portable lights.*
